

HR FRAMEWORK LIBRARY

Eight process frameworks aligned with the Labor Code of the Philippines, DOLE issuances and related special laws. Each page carries the legal basis, what the process is, a five-step process, and the output required at every step.

HOW TO USE: Print one page per process and post it where the work happens. The five columns are the official sequence, the OUTPUT card under each column is the document that proves the step was done, and the amber bar carries the compliance reminder. Review annually or whenever a law, DOLE order or agency circular changes.

MANDATORY BENEFITS

HR FRAMEWORK 01 / 08

LEGAL BASIS: Labor Code of the Philippines (Arts. 86, 87, 94, 95, 100) | RA 11199 SSS | RA 11223 PhilHealth | RA 9679 Pag-IBIG | PD 851 13th Month Pay | PD 626 Employees Compensation | RA 7641 Retirement Pay | RA 11210, RA 8187, RA 11861, RA 9710, RA 9262 Leave Laws

WHAT IT IS AND WHY IT MATTERS

Benefits every employer must give by law, no matter what company policy says. They cannot be waived, reduced or traded off. Unremitted contributions carry penalties, interest and personal liability for the responsible officers, while withdrawing a benefit already granted violates the non-diminution rule.

1

REGISTER & ENROLL

- Register the company with SSS, PhilHealth, Pag-IBIG and BIR as an employer.
- Enroll every new hire within the first month of employment.
- Collect SSS, PhilHealth, Pag-IBIG and TIN numbers; assist those without one.
- Report new hires and separations using the required employer forms.

OUTPUT

Employer registration numbers; complete government IDs in each 201 file; filed new-hire reports.

2

COMPUTE PER PAYROLL

- Apply the current contribution tables every cutoff.
- SSS, PhilHealth and Pag-IBIG each have an employer share and an employee share.
- Deduct the employee share only; the employer share is never charged to the worker.
- Show every deduction on the payslip.

OUTPUT

Payroll register with contribution breakdown; payslip showing each mandatory deduction.

3

REMIT & REPORT

- Generate the Payment Reference Number and pay on or before the deadline.
- File the monthly and quarterly contribution and loan reports.
- Withhold and remit income tax; issue BIR Form 2316.
- Keep proof of payment on file for at least three (3) years.

OUTPUT

Validated payment confirmations; filed contribution and loan collection lists; BIR 2316 per employee.

4

GRANT LEAVES & PAY BENEFITS

- 5-day Service Incentive Leave after one year of service.
- 105-day maternity, 7-day paternity, 7-day solo parent, 10-day VAWC, 2-month special leave for women.
- Holiday pay, premium pay, overtime and night shift differential.
- 13th month pay on or before 24 December.

OUTPUT

Approved leave records with supporting documents; 13th month payout register; DOLE 13th month report.

5

ASSIST CLAIMS & SELF-AUDIT

- Help employees file sickness, maternity, EC, disability and loan claims.
- Reconcile posted contributions against payroll every quarter.
- Fix gaps, delinquencies and unposted months at once.
- Self-audit yearly against the DOLE compliance checklist.

OUTPUT

Filed claims and reimbursements; quarterly reconciliation; annual compliance audit report; DOLE-ready file.

REMINDER: Contribution rates, salary brackets and ceilings change by circular. Confirm the current SSS, PhilHealth and Pag-IBIG schedules and the BIR withholding table before every payroll run.

CODE OF DISCIPLINE

LEGAL BASIS: Labor Code Arts. 297-299 [282-284] Just and Authorized Causes | DOLE Department Order No. 147-15 | Omnibus Rules Implementing the Labor Code, Book V Rule XXIII (preventive suspension) | RA 7877 Anti-Sexual Harassment | RA 11313 Safe Spaces Act

WHAT IT IS AND WHY IT MATTERS

A published table of offenses and penalties, plus the procedure for enforcing it. A rule can only be enforced if it is reasonable, made known to the employee beforehand and applied consistently. A valid cause is not enough on its own; procedural due process must also be observed.

REMINDER: Dismissal without the twin-notice procedure exposes the company to damages even when the cause is valid. Document the service and receipt of every notice.

HIRING PROCESS

LEGAL BASIS: Labor Code Art. 296 [281] Probationary Employment | RA 10911 Anti-Age Discrimination | RA 11261 First Time Jobseekers Assistance | RA 10173 Data Privacy Act | RA 7277 Magna Carta for Persons with Disability | RA 9710 Magna Carta of Women | RA 11166 (no HIV testing as a hiring condition) | RA 11058 OSH

WHAT IT IS AND WHY IT MATTERS

End-to-end recruitment that is fair, non-discriminatory and privacy-compliant, ending in a valid written contract with the standards communicated at the time of engagement. Selection must rest on job-related qualifications only, never on age, sex, civil status, pregnancy, religion, disability or health status.

REMINDER: If the regularization standards are not made known at the time of engagement, the employee is deemed regular from day one. Keep the signed standards form in the 201 file.

EMPLOYEE RETENTION

LEGAL BASIS: Labor Code (wages, hours of work, rest days, security of tenure, Art. 100 non-diminution) | RA 11036 Mental Health Act & DOLE D.O. 208-20 | RA 11058 & D.O. 198-18 Occupational Safety and Health | RA 11165 Telecommuting Act | D.O. 53-03 Drug-Free Workplace | D.O. 102-10 HIV/AIDS | D.O. 73-05 Tuberculosis | RA 11313 Safe Spaces Act

WHAT IT IS AND WHY IT MATTERS

A managed program to keep capable employees: correct pay, a safe and respectful workplace, growth, a real voice and wellbeing support. Retention is measured with data - turnover, tenure and exit reasons - not with impressions. Most avoidable resignations trace back to a compliance or supervision failure, not to salary alone.

1

MEASURE THE BASELINE

- Track turnover rate, average tenure, absenteeism and exit reasons monthly.
- Segment by department, position and tenure band.
- Identify where and when people actually leave.
- Set a target turnover rate for the year.

OUTPUT

Turnover dashboard; exit interview summary; identified high-attrition units.

2

LISTEN & DIAGNOSE

- Run an engagement or pulse survey with anonymous responses.
- Hold stay interviews with high performers before they resign.
- Operate the grievance machinery and labor-management committee.
- Trace every recurring complaint to a root cause and an owner.

OUTPUT

Engagement report; issue log with assigned owners and deadlines.

3

FIX THE LEGAL BASICS

- Pay on time and in full, with correct overtime, premium and night differential.
- Complete benefits and posted government contributions.
- Safety officer, health committee and OSH program in place.
- Enforce anti-harassment and mental health policies.

OUTPUT

Corrected payroll and benefits; posted OSH and Safe Spaces policies; closed compliance gaps.

4

GROW & REWARD

- Career path, training calendar and internal hiring first.
- Merit increases, incentives and recognition tied to appraisal results.
- Company leaves and wellness programs beyond the legal minimum.
- Flexible or telecommuting arrangements in writing, with equal treatment.

OUTPUT

Training records; promotion and recognition register; signed telecommuting agreements.

5

REVIEW & ADJUST

- Review retention KPIs against target every quarter.
- Report results and the cost of turnover to management.
- Retire what did not work; scale what did.
- Update the plan and repeat the cycle.

OUTPUT

Quarterly retention report; cost-of-turnover analysis; approved action plan for the next quarter.

REMINDER: Retention perks are voluntary, but a benefit given regularly and deliberately can ripen into company practice that cannot be unilaterally withdrawn (non-diminution rule, Art. 100).

PERFORMANCE IMPROVEMENT PLAN

HR FRAMEWORK 05 / 08

LEGAL BASIS: Labor Code Art. 296 [281] Probationary Standards | Art. 297 [282] (b) Gross and Habitual Neglect of Duties | DOLE Department Order No. 147-15 | Settled jurisprudence on communicated standards, coaching and due process

WHAT IT IS AND WHY IT MATTERS

A time-bound, documented coaching program for an employee performing below standard. It is a corrective tool first, and most plans should end in recovery. It is also the evidence trail that makes any later separation defensible, because poor performance must be proven with records, not with opinion.

REMINDER: A PIP does not replace due process. Separation for poor performance still requires a Notice to Explain, an opportunity to be heard, and a written Decision citing the facts and grounds.

EMPLOYEE PORTAL

HR FRAMEWORK 06 / 08

LEGAL BASIS: RA 10173 Data Privacy Act & NPC Circular 16-01 (security of personal data) | RA 8792 E-Commerce Act (validity of electronic documents) | Labor Code Book III Rule X (payslips; records kept for three years) | BIR regulations on electronic payslips and Form 2316

WHAT IT IS AND WHY IT MATTERS

One secure self-service system where employees view payslips, file leaves, read announcements and update their information. It cuts paper and repetitive HR queries, but it holds sensitive personal data, so privacy, access control and an audit trail are part of the build, not an afterthought.

REMINDER: Personal data may be collected only for a declared purpose and kept no longer than necessary. Deactivate accounts on the separation date, not weeks later.

BIRTHDAY WALL

LEGAL BASIS: RA 10173 Data Privacy Act (consent, transparency, proportionality; a birth date is personal information) | RA 11313 Safe Spaces Act (respectful conduct in the workplace) | Company recognition and engagement policy

WHAT IT IS AND WHY IT MATTERS

A simple recognition board that greets employees on their birthday and supports engagement at almost no cost. Because a birth date is personal information, it runs on voluntary opt-in consent and displays only the minimum, never the birth year or any contact detail. Participation and any contribution must always stay optional.

1

SET THE RULE

- Decide exactly what is displayed: name, department, and the day and month only.
- Never display the birth year, age, address or contact details.
- Define where it appears: portal, bulletin board or both.
- Approve the policy in writing.

OUTPUT

Approved birthday wall policy stating the data displayed, the audience and the opt-out process.

2

SECURE CONSENT

- Ask each employee to opt in; silence is not consent.
- Make clear that consent is voluntary and may be withdrawn anytime.
- Include the opt-in form in the onboarding pack for new hires.
- Keep a record of who opted in and who declined.

OUTPUT

Signed or electronic opt-in records; maintained opt-out list; consent included in onboarding.

3

BUILD THE LIST

- Pull only opted-in records from the 201 file or HRIS.
- Sort by month and day.
- Restrict edit access to the HR administrator.
- Verify entries against official records to avoid wrong dates.

OUTPUT

Verified monthly birthday list, for internal use only, with restricted access.

4

PUBLISH & GREET

- Post at the start of the month or on the day itself.
- Keep the audience internal; no public social media posting without separate consent.
- Hold an optional monthly celebration.
- Keep greetings respectful and inclusive.

OUTPUT

Published birthday post or announcement; monthly celebration record; greeting log.

5

UPDATE & RESPECT

- Remove opt-outs and separated employees immediately.
- Review the list every month before posting.
- Never require attendance, gifts or contributions.
- Handle sensitive situations such as bereavement or illness with discretion.

OUTPUT

Updated list; documented opt-out actions; monthly review confirmation.

REMINDER: A birthday wall is voluntary recognition, not a data collection exercise. Display the minimum, honor withdrawals at once, and never make celebration a condition of belonging.

PERFORMANCE EVALUATION

LEGAL BASIS: Labor Code Art. 296 [281] Probationary Standards | Art. 297 [282] Just Causes | DOLE Department Order No. 147-15 | RA 10911 Anti-Age Discrimination | RA 9710 Magna Carta of Women | RA 7277 Magna Carta for Persons with Disability | RA 11313 Safe Spaces Act

WHAT IT IS AND WHY IT MATTERS

A regular, evidence-based review of results and behavior against standards communicated in advance. It drives pay, promotion and training decisions, and when performance falls short it becomes the record that supports coaching, a PIP or, ultimately, a valid separation. Ratings must rest on documented performance, never on personal characteristics.

REMINDER: A probationary employee not informed of the regularization standards at engagement becomes regular by operation of law, and one kept beyond six months becomes regular regardless of the rating.
